option of shared services; if accepted, the recipient or responsible party may withdraw participation in shared services at any time.

In addition to the documentation requirements for personal care provider service records in state rule, a personal care provider must meet documentation requirements for shared services and must document the following in the health service record for each recipient sharing services:

- a) permission by the recipient or responsible party for the maximum number of shared services hours per week chosen by the recipient;
- b) permission by the recipient or responsible party for personal care assistant services provided outside the recipient's home;
- c) permission by the recipient or responsible party for others to receive shared services in the recipient's home;
- d) revocation by the recipient or responsible party of the shared service authorization, or the shared service to be provided to others in the recipient's home, or the shared services to be provided outside the recipient's home;
- e) supervision of the shared personal care assistant services by the qualified professional, including the date, time of day, number of hours spent supervising the provision of share services, whether the supervision was face-to-face or another method of supervision, changes in the recipient's condition, and shared services scheduling issues and recommendations;

26. Personal care services. (continued)

- f) documentation by the qualified professional of telephone calls or other discussions with the personal care assistant regarding services being provided to the recipient; and
- g) daily documentation of the shared services provided by each identified personal care assistant including:
 - 1) the names of each recipient receiving share services together;
 - 2) the setting for the shared services, including the starting and ending times that the recipient received shared services; and
 - 3) notes by the personal care assistant regarding changes in the recipient's condition, problems that may arise from the sharing of services, scheduling issues, care issues, and other notes as required by the qualified professional.

In order to receive shared services:

- a) the recipient or responsible party, in conjunction with the county public health nurse, must determine:
 - 1) whether shared services is an appropriate option based on the individual needs and preferences of the recipient; and
 - 2) the amount of shared services allocated as part of the overall authorization of personal care services;
- b) the recipient or responsible party, in conjunction with the supervising qualified professional, must arrange the setting, and grouping of shared services based on the individual needs and preferences of the

recipients;

- c) the recipient or responsible party, and the supervising qualified professional, must consider and document in the recipient's health service record:
 - 1) the additional qualifications needed by the personal care assistant to provide care to several recipients in the same setting;
 - 2) the additional training and supervision needed by the personal care assistant to ensure that the needs of the recipient are appropriately and safely met. The provider must provide on-site supervision by a qualified professional within the first 14 days of shared services, and monthly thereafter;
 - 3) the setting in which the shared services will be provided;
 - 4) the ongoing monitoring and evaluation of the effectiveness and appropriateness of the service and process used to make changes in service or setting; and
 - 5) a contingency plan which accounts for absence of the recipient in a shared services setting due to illness or other circumstances and staffing contingencies.

- The following personal care services are covered under medical assistance as personal care services:

- a) bowel and bladder care;
- b) skin care to maintain the health of the skin;

- q) effective July 1, 1996, interventions for seizure disorders, including monitoring and observation if the recipient has had a seizure that requires intervention within the past three months;
- r) effective July 1, 1998, tracheostomy suctioning using a clean procedure if the procedure is properly delegated by a registered nurse. Before this procedure may be delegated to a personal care assistant, a registered nurse must determine that the tracheostomy suctioning can be accomplished utilizing a clean, rather than a sterile procedure, and must ensure that the personal care assistant has been taught the proper procedure. A clean procedure is defined as a technique reducing the numbers of microorganisms, or prevents or reduces the transmission of microorganisms from one recipient or place to another. It may be used beginning 14 days after insertion; and
- s) incidental household services that are an integral part of a personal care service described in items a) to r).
 - The above limitations do not apply to medically necessary personal care services under EPSDT.
- The following services are not covered under medical assistance as personal care services:
 - a) a health service provided and billed by a provider who is not an enrolled personal care provider;
 - b) personal care service that is provided by a person who is the recipient's spouse, legal guardian for an adult or child recipient, parent of a recipient under age 18, or the recipient's responsible party;

- c) effective July 1, 1996, services provided by a foster care provider of a recipient who cannot direct his or her own care, unless a county or state case manager visits the recipient as needed, but not less than every six months, to monitor the health and safety of the recipient and to ensure the goals of the care plan are met;
- d) services provided by the residential or program license holder in a residence for more than four persons;
- e) services that are the responsibility of a residential or program license holder under the terms of a service agreement and administrative rules;
- f) sterile procedures;
- g) giving of injections of fluids into veins, muscles, or skin;
- h) homemaker services that are not an integral part of a personal care service;
- i) home maintenance or chore services;
- j) personal care services that are the responsibility of the foster care provider;
- k) personal care services when the number of foster care residents is greater than four;
- l) personal care services when combined with home health services, private duty nursing services, and foster care payments that exceed the total amount that public funds would pay for the recipient's care in a medical institution. This is a utilization control limitation conducted on a case-by-case basis in order to provide the recipient with the most cost-effective, medically appropriate services;
